(FM-001a)

COURSE OBJECTIVES

The course takes place at any suitable location selected by the booking manager. Delivery is handled by our nationwide team of Fleet Registered ADIs, who use a blend of theory and on-road practical training to identify areas of concern in driver behaviour, advise on ways to improve and demonstrate a range of advanced driving and defensive driving techniques. This course was specifically written to support our customer's drive to improve road safety and efficiency. Before candidates approach their vehicle, we instil in them the importance of pre-drive vehicle checks and the importance of the company road safety strategy.
